LMA STRENGTHENS MANAGEMENT ORGANISATION WITH APPOINTMENT OF GROUP OPERATIONS DIRECTOR

Singapore, 29 June 2006 – Mainboard-listed LMA International N.V. (“LMA”), a global leader in the development and marketing of the LMA™ laryngeal mask airway range of supraglottic airway management devices, announced today that its wholly-owned subsidiary The Laryngeal Mask Company (Singapore) Pte Ltd has appointed Andrew Morgan as its Operations Director and General Manager with effect from June 2006.

Mr Morgan has more than 17 years experience in the medical device industry with C.R. Bard Medical Division, a US multinational developer, manufacturer, and marketer of urological drainage systems. His most recent position was Managing Director of the company’s operations in Malaysia responsible for manufacturing and distributing its products, including catheters and urological and urethral kits, worldwide. Prior to this, he was the Logistics Manager at the Bard Medical Division's manufacturing and distribution facility in the United Kingdom, and supervised the company’s supply chain operations.

Based in Singapore, Mr Morgan will be responsible for the effective management and co-ordination of LMA’s Regulatory Affairs and Quality Assurance, Product Development and Product Sourcing and Supply Chain functions globally. He will work with the respective teams around the world to ensure the efficient running of these operations.

Mr John Lim, Group President of LMA, said, “This new appointment reflects our continued efforts to further strengthen our management organisation in line with our plans to significantly grow our business. Andrew is a veteran of the medical device and healthcare industry. His strong knowledge of the operational aspects of this business will add value in these key areas.”

Added Mr Morgan, “This position is a great opportunity to further enhance my career in the medical device industry. LMA is a dynamic global company offering new challenges on which I can leverage and enhance my business experience. I am looking forward to contributing to its growth and success.”

Mr Morgan holds a Masters of Arts (Honours) degree from the University of Cambridge, UK and is a Member of the Chartered Institute of Purchasing and Supply.

LMA International NV

Incorporated in the Netherlands Antilles in 1998, LMA was listed on the Singapore Exchange in March 2005. LMA designs, develops, markets and distributes medical equipment, principally the LMA™ laryngeal mask airway range of supraglottic airway management devices. These devices are used by physicians to allow respiration, provide ventilation to, and support the airway of patients undergoing surgical procedures and life-saving interventions. Since its first product, the LMA-Classic™, was approved by the FDA for use in the United States in 1991, LMA's growth has been driven by the development of innovative products, geographic expansion, and increased customer awareness of the LMA™ laryngeal mask airway as an alternative airway management device. LMA has established a leading position in this growing market.

LMA has an office in Jersey, Channel Islands, and subsidiaries in Singapore, Germany and San Diego, California. DBS Bank Limited and Credit Suisse were the Joint Global Coordinators and Joint Bookrunners for the Initial Public Offering of shares in LMA.
