FOR IMMEDIATE RELEASE

LMA RENEWS AGREEMENT WITH HEALTHTRUST PURCHASING GROUP IN NORTH AMERICA

Singapore, 3 December 2007 – LMA International NV (“LMA”), the global leader in the marketing and development of the LMA™ range of supraglottic airway management devices, is pleased to announce that its wholly-owned subsidiary LMA North America, Inc. (“LMANA”) has extended its agreement for Laryngeal Mask Airway products with HealthTrust Purchasing Group (“HealthTrust”), one of the foremost group purchasing organizations in the United States. The agreement will run through May 15, 2012.

LMANA is the only company in the U.S. that sells the LMA™ Airway Management System, a complete family of LMA™ Airway products designed to cover a broad range of critical airway management needs.

“Our LMA™ airway product portfolio provides healthcare professionals with innovative airway management devices that offer safety and efficiency in the management of patient airways. We are excited about the tremendous vote of confidence by the HealthTrust membership,” said Steven R. Block, President and Chief Executive Officer of LMANA. “We look forward to expanding our long term relationship with HealthTrust by continuing to provide the highest quality products at an outstanding value to its member facilities.”

Mr. John Lim, Deputy Executive Chairman of LMA, added, “The renewal of our agreement with HealthTrust reflects LMA’s position as the leading provider of Laryngeal Mask Airway devices in the US healthcare market. We have seen strong demand from US customers and look forward to the opportunity to offer them more quality products through HealthTrust.”

About LMANA

LMANA is a wholly-owned subsidiary of Singapore-listed LMA International NV (LMA), which was incorporated in the Netherlands Antilles in 1998, and listed on the Mainboard of the Singapore Exchange in March 2005. LMA designs, develops, markets and distributes medical equipment, principally the LMA™ laryngeal mask airway range of supraglottic airway management devices. These devices are used by physicians to allow respiration, provide ventilation to, and support the airway of patients undergoing surgical procedures and life-saving interventions. Since its first product, the LMA Classic™, was approved by the FDA for use in the United States in 1991, LMA's growth has been driven by the development of innovative products, geographic expansion, and increased customer awareness of the LMA™ laryngeal mask airway as an alternative airway management device. LMA has established a leading position in this growing market.

LMA has an office in Jersey, Channel Islands, and subsidiaries in Singapore, Bonn, Germany, San Diego, California and Melbourne, Australia. Website: www.lmana.com
